Tuning :Standard

C D G
Where do we go from here?

C-D-G-Em-D
The smell of your hair is intoxicating

D
You lean on me when the day is long and the night is cold

C D G
Sometimes it's hard not to worry

C D G
That it's me you open your eyes to

C D G D Em
Then you hold me, and I can't believe it's true

Chorus:

E A/F# D
And here we are

E A/F# D
Walking down this road

E A/F# D E-A/F#

Now I finally know why everything fades out

D

E

All I ever wanted is right here with me

C D G

I am where I wanna be

C D G

In a place where no longer

C D G D/F# Em

Can't tell from you and me

(Repeat Chorus)
