While they re standing in line just to watch us fall

Well we ve got each other and that s all we need  
From here on out it s just you and me  
Two hometown hearts up against the world  
They don t stand a chance against this boy and girl

**C** **D**  
We faced them down fought bigger fights  
**C** **D**  
But I know baby we re gonna be alright

Whoa, whoa, whoa, whoa, whoa  
We can t forget these are the days  
Whoa, whoa, whoa, don t be afraid  
We can t forget these are the days

It feels like we re living from paycheck to check  
**C** **D**  
We wake-up wondering what might happen next

**C** **D**  
Sometimes it feels like we won't make it through

**C** **D**  
But the hard times pass like the good ones do

**C** **D**  
Baby wrap your fingers and hold on tight

**C** **D**  
I'll be right here beside you tonight

**C** **D**  
Baby climb up here watch the city glow

**C** **D**  
Let's make a wish on the fireworks below

**C** **D**  
We're making moments we won't forget

**D**  
And feelin' ones that haven't happened yet

Whoa, whoa, whoa, whoa, whoa  
We can't forget these are the days  
whoa, whoa, whoa, don't be afraid  
we can't forget these are the days
