These are all my babies
Lord knows how we survived

The first one was hard and last wasn't planned
What a big surprise
That him with his daddy's eyes

I loved the man in this one
It's faded but I don't care
There are nights when I wake up and know that he's beside me I swear
Sometimes I still feel him there

But if life stayed the way it was
And lovers never fell out of love
If memories didn't last so long
If nobody did nobody wrong
If we knew what we had before it was gone
If every road led back home
