SOUL SISTER

Written by C.S. Franks & G. Bell

G **D** **Em C**
G
Had a friend once upon a time who had a hunger to learn
D **Em C**
F
Good & bad was all she had and all she was concerned
G **D** **Em**
She found out they were one & the same
C **G D**
The truth dont need to have a name

Em **G**
She loved to share with the Moon soon she shared with me
F
The adventure this life could be
A
If we just let ourselves be free

G **D**
She gave me peace of mind
Em **C**
Like a butterfly song to a rainbow shrine
F
And today... today feels good

G D **Em C** **G D** **Em C**
(Soul Sister) today feels good (Soul Sister)

G **D** **Em C**
We never answered too much we asked all the time
G **D** **Em C**

Why it was always looking and what there was to find

Yes we did,
G **D** **Em C**

G D
We threw it all into the wind laughter sharing me and my best friend

Her voice was fine & it eased my soul
