[Verse 1]

E Bm
I can't help remembering the day when you came
G#m Dm7 C#m
Home to stay, summer vacation
F#m B
My Malibu always cruising right beside you
F#m B
Radio on you fell asleep in my arms
E Bm
I made one too many mistakes
G#m Dm7 C#m
Always pretending that everything was okay
F#m B
My car had an overheated engine
F#m B7
I wouldn't drive so you found someone else to take you driving

[Chorus]

E G#m
I lost my heart and my car
F#m B
And on my lonely days have nothing left to lose
E G#m
Goodbye baby, you're driving me crazy
F#m B
With the thought of someone else driving with you

E Bm G#m Dm7 C#m
