

**Beautiful Loser**

**Sumo**

Em

The cracked paint on the ceiling  
laughter when you're feeling

Am

really dead inside.

Em

gary comes with marianne  
julie brought sin with his susan

Am

they say don't hide

Em

muffle voice is on the t.v.  
in your car, you see just tea leaves

Am

take a look inside  
what do you see?

Em

what do you see?

G

see, beautiful losers  
lovely, lovely losers

D

just you and me

G

see, beautiful losers  
lovely, lovely losers

D

just you and me.

well we spit blood while we're laughing  
leave all our lies for nothing  
just like the sea.

we're moving while we're dying  
laughing while we're crying  
yeah, you and me

and david cries for caroline  
and julie she waste all her time  
just on shooting star

i just lie and meditate  
then i smash and curse and hate  
the whole damn farse.

beautiful losers  
lovely, lovely losers

just me and you

beautiful losers  
darling, darling losers

my song is true.
