A7  
Is it an esmerald, or is it a pearl?  
C  
What other information are you wiholding?  
G  
You're such a funny girl

Where is your mother, where did she come from?  
Was your father a sailor or a thief?  
Who was your brothers, where did they come from?  
I'd wish you'd tell me about them at least

But you're so silent, you're so gentle  
I think my brain will go  
This town's your thown, yeah, this room's your temple  
And now you now what I have to go

Em A7  
That's what it takes to love you  
C  
That's what it takes to love you too  
G  
That's what it takes to hate you too  
So I'll just wanna go

Break! break! break! break! break!  
I'm breaking, breaking,  
Breaking away from you!

(guitarra)

Don't give me words whit no meanings  
Don't give me problems that you can't solve  
Ja! don't tell me now you're revealing  
things we spoke of long ago

I know you're ways, I know you're silence

This could go on all day  
This is the way this is the violence  
And now you know why I can't stay

That's what it takes to love you  
That's what it takes to love you too  
That's what it takes to hate you too  
So I'll just wanna go

Breack! breack! breack! breack! breack!  
I'm breaking, breaking,  
Breaking away from you!

(guitarra)

Breacking down! Breacking down!  
I'm breaking, breaking,  
Breaking away from you!
