

No más nada

Sumo

Bueno el tema es todo en A y D, aparentemente con un efecto vibrato. El arpeggio no parece seguir una lógica, yo le doy al acorde una vez y después hago arpeggios al azar...suena más o menos bien así.

A

Blue eyes under grey skies

Crazy afternoons under grey skies

No more, no more nothing

D

Say no more, no more nothing

A

´cos I´m going back to the moon

Baby, tell me something

Baby, Won´t you show me something ?

D

Won´t you stop howling ?

A

Howling at the moon ?

´cos it´s coming here soon

No more laughter

No more tears

No more thoughts for a million years...oh lover...

Stand by me (as the song goes) ...lover...

Stand by me (as I say)

D

I don´t know when it´s time to change

It comes the change right now

A

I can feel it vibrating through the ground

Baby, blah by me, baby, baby

Climb out off the sea

You´re a wet fish and they say

Wet fish come

Wet fish go

Wet fish come

And the wet fish go
