-I know this isnâ€™t EXACTLY the same as the album, but its close enough that you can play chords along and sing! Also, this has my best interpretation of the solo...

Standard Tuning (Capo III)

Intro: **D**

Verse 1 Chords:

**D** **G** **D**  
Cassius Clay was hated more than Sonny Liston

I put my feet up on the coffee table  
I stay up late watching cable  
I like old movies with Clarke Gable  
Just like my dad did

Just like my dad did when he was home  
**G** **Em**  
Staying up late, staying up alone

**G** **D**  
Oh, how fast the years fly

I know an old woman ran a doughnut shop  
She worked late serving cops  
But then one morning, baby, her heart stopped

Not without my friend, Eleanor  
Place ain't the same no more

Went through her bedroom and the pockets of her jeans  
And found her letters that said so many things  
That really hurt me bad

But I liked to dream about what could have been  
I never heard her calls again  
But I like to dream
