## Sunrise Avenue

```
Quite nice simple song. Enjoy! :)
It should be played with barre chords. So it starts with bass string on 5th fret
and goes down like 4 3 2.
If you have any problem with playing those two chords below you can just use E
and
D instead. It ll still sound quite right)
G\#/E - 476454
F#/D - 254232
          Am
I got this feeling
    G#/E
I m lost somehow
                    F#/D
I m sailing all the seas
I m feeling holy
    G#/E
You make me alive
                   F#/D
By driving on the wrong side
                              Αm
I just feel I m really losing my mind
         Am
We re in the moonlight
    G#/E
You take me again
                  F#/D
You hold me like your own
         Am
I can t believe it
   G#/E
You make me begin
                F#/D
I slide in the game you re playing
                              Am
I just feel I m really losing my mind
I just feel I m really losing my mind
```

```
C
This can t be right
This can t be fair
You make me do the dirty things I usually don t dare
This is not me
And it makes me mad
You have that something on your skin you know
It always makes me bad
             Am
Yea, pull my head right
    G#/E
You got me again
Sparks in the air around
         Am
```

You do it so fine
