It s an album version of the song. When they play it live it s usually half step down.

Am **C**
I m not moving too fast
G
Want to stay in the past
Am **C** **G**
On these endless streets with your smell

Am **C** **G**
My fingers can still feel your hair
F
I keep on moving ahead
G
I might not get anywhere

Dm **F**
I have nowhere to go
In the dark all alone
Am **G**
And i don t see no light anywhere
Dm **F**
I have no one to hold
Am
And i m feeling so cold inside
G **D**
Oh please don t throw me away
