

Am
Welcome to my wonderland
F C
It ll take time to find out where we stand
G
In all this mess
Am
There was the first day for me too
F
And I had no guide and I was lost like you
C
I still am
D
But it makes me feel alive

F* **C***

Welcome to my life

G*

You see it is not easy

Am*

But I m doing all right

F* **C***

Welcome to my dream

G*

It s the only one who needs me

Am*

And stays right by my side

Bb **F**
Once upon a time there was a guy
C **G**
Who thought life is a joyride of ladies and red wine
Bb **F**
He was so sure he d get the prices and the glory with his rhymes
C **G**
He d never need no one to be there beside him
Bbsus2 **G#**
Now they re all surrounding me and I feel lonely
Am **F-G-C**
So lonely

[Chorus]

F* **C***
Welcome to my life
G*
You see it is not easy
Am*
But I m doing all right
F* **C***
Welcome to my dream
G*
It s the only one who needs me
Am*
And stays right by my side

F* **C***
Welcome to my life
G*
You see it is not easy
Am*
But I m doing all right
F* **C***
Welcome to my dream
G*
It s the only one who needs me
Am G F
And stays right by my side
