

[Verse 2]

**Am**  
Welcome to my wonderland  
**F** **C**  
It ll take time to find out where we stand  
**G**  
In all this mess  
**Am**  
There was the first day for me too  
**F**  
And I had no guide and I was lost like you  
**C**  
I still am  
**D**  
But it makes me feel alive  
-----

[Chorus]

**F\*** **C\***  
Welcome to my life  
**G\***  
You see it is not easy  
**Am\***  
But I m doing all right  
**F\*** **C\***  
Welcome to my dream  
**G\***  
It s the only one who needs me  
**Am\***  
And stays right by my side  
-----

[Bridge]

**Bb** **F**  
Once upon a time there was a guy  
**C** **G**  
Who thought life is a joyride of ladies and red wine  
**Bb** **F**  
He was so sure he d get the prices and the glory with his rhymes  
**C** **G**  
He d never need no one to be there beside him  
**Bbsus2** **G#**  
Now they re all surrounding me and I feel lonely  
**Am** **F-G-C**  
So lonely  
  
Solo: **Em-G-F\***

-----

[Chorus]

**F\***                    **C\***  
Welcome to my life  
                         **G\***  
You see it is not easy  
                         **Am\***  
But I m doing all right  
**F\***                    **C\***  
Welcome to my dream  
                         **G\***  
It s the only one who needs me  
                         **Am\***  
And stays right by my side

**F\***                    **C\***  
Welcome to my life  
                         **G\***  
You see it is not easy  
                         **Am\***  
But I m doing all right  
**F\***                    **C\***  
Welcome to my dream  
                         **G\***  
It s the only one who needs me  
                         **Am G F**  
And stays right by my side
