

Paper Lace

Sunset Rubdown

Paper Lace by Sunset Rubdown on Dragonslayer tabbed by Hendo

I think this is how it goes, although it s a little tough to figure out with all the instruments going on. This is my best shake (the chords don t really line up with the lyrics because UG doesn t seem to handle \t very well, but you should be able to figure it out just listening to the chord changes, or just singing along)

This is the basic bass/guitar riff they play at the intro and all the interludes, although i think they play several variations of the following. I m not too interested in figuring it all out, i d love it if someone else would

```

A-----0-2-----0---0---0-2-0-----|
