Use slightly overdriven electric with reverb
& maybe a bit of delay if you have it.
          D
Here I see a time to go
          D
                          D
We ll leave it all behind.
And if you know it s wrong, to fall.
We re in it for the money,
(refrão)
            D
Got my mind made up,
           F
                                               Bb
Got my finger on the button, going way home
Got the sound turned down,
                                           В
                                              Bb
Got a finger in my pocket, gong way home.
(verso)
                              С
We ll all I can see is our love.
        Вb
And all I can hear is her.
                               C
We ll all I can see is our love,
```

And all I can see is her.

(refrão 3x)
