

**Your Love**  
**Supergrass**

Tabbed by: \*

this tune isn't that hard once you get the gist of it, the verse bit is pretty much right but I suggest you make your own variations according to your personal style.

G I----- I  
D I----- I  
A I----- I  
E I---5-5-8-10-9-10-/12I            This is the verse bit and the intro

GI-----I  
DI-----I  
AI-----3-3-----I  
EI--2-2-----3-3-3-3-3--5-5-5I    You have to try and fit these  
          notes to the rhythm, I am not sure  
          about the amounts needed.

There is a solo/funny bit in the middle but if u have a brain u can work it out.
