

Now itâ€™s just dumb you said it too much

**A5** **E5**

All the beauty came out from your face,

**F#5** **D5**

It doesnâ€™t scrath my eyes again

**E5**

Hi whatâ€™s your name,

Can I kiss your lips, baby I love you

**F#5** **E5** **D5**

Wish I didnâ€™t speak those words to you

**E5**

Now I realize that you try so hard

Always put me down,

**F#5** **E5** **D5**

Hey baby this man had enough

**E5**

So just say what you say,

**E5** **E5**

And do what you do, It wonâ€™t be for long

**E5**

Beyond this honesty

**A5** **E5**

Oh, she bring me down about my style

**F#5** **D5**

Oh, why donâ€™t you burn like a barbie doll

**A5** **E5**

Oh, she likes the macho kind a guy

**F#5** **D5**

Oh, no wonder she act like one too

**E5**

(oh what the fuck !)
