

Born With A Tail
Supersuckers

Wonderful, easy song... I m afraid I don t know the little lead bits but it s plenty
to get you strummin and a hummin along.

A
Iâ€™d rather choose my soul to lose

A
Than leave around just one confused

D
And loose desire

Bm
Donâ€™t know if Iâ€™ll ever learn

Bm
Canâ€™t wait â€til I get my turn

D **E** **A**
To burn in the infernal hell fire

A
Iâ€™m waiting for my last drive

A
While the bugle of my backside

D
Blows a losing beat

Bm
Hope I donâ€™t run out of gas

Bm
Bet my sacrelicious ass

D **E** **A**
Ainâ€™t nothing down there that scares me

Oh yeah!

A
And you know!

A
Iâ€™m in league with Satan

A
And you know

A
There canâ€™t be no debatinâ€™

D **Bm**
My hell-bound trail

A
I was born with a tail!

Iâ€™m evil!
Yeah, and I run free
Thereâ€™s molten lead in me
So letâ€™s get the hell
Got the goods
Brother bring it on
My mother done brought me up wrong
And you can use my dick
As a walkinâ€™ stick as well

(Chorus)

Itâ€™s time to fly the finger
Yeah, that middle digit brings your point
And it drives it home
On my head thereâ€™s no crown of thorns
This evil scalp has earned its horns
Iâ€™m on a highflying time with your mom before I go

(Chorus)
