DOm             SOL#                      LA#
Risin  up, back on the street did my time,
                  DOm
took my chances
                                           SOL#
Went the distance, now I m back on my feet
              LA#                          DOm
just a man and his will to survive
                              SOL#
So many times, it happens too fast
       LA#                          DOm
you trade your passion for glory
                                       SOL#
Don t lose your grip on the dreams of the past
         LA#                              DOm
you must fight just to keep them alive
```

LA# DOm7 FAm
It s the,     eye of the tiger,
            RE#              LA#
it s the thrill of the fight
         FAm                          DOm LA#
Risin  up to the challenge of our rival
              FAm
And the last known survivor
                    RE#              LA#
stalks his prey in the night
                      FAm       RE#          SOL#        DOm
And he s watchin  us all with the eye of the tiger...
```

```
DOm                     SOL#              LA#
```

```
Face to face, out in the heat hangin  tough,
                  DOm
stayin  hungry
                                                   SOL#
They stack the odds still we take to the street
                LA#                            DOm
for the kill with the skill to survive

LA# DOm7 FAm                            RE#            LA#
It s the,     eye of the tiger, it s the thrill of the fight
         FAm                              DOm LA#
Risin  up to the challenge of our rival
            FAm
And the last known survivor
                  RE#            LA#
stalks his prey in the night
                      FAm        RE#          SOL#      DOm
And he s watchin  us all with the eye of the tiger...

                SOL#                      LA#
Risin  up, straight to the top had the guts,
            DOm
got the glory
                                              SOL#
Went the distance, now I m not gonna stop
                LA#                  DOm
just a man and his will to survive

LA# DOm7 FAm                            RE#            LA#
