

You Move Me
Susan Ashton

Capo II

C **Em**
This is how it seems to me
C **Em**
Life is only therapy
F
Real expensive
C **G**
And no guarantee

C **Em**
So I lie here on the couch
C **Em**
With my heart hanging out
F **C**
Frozen solid with fear
G
Like a rock in the ground

Am **F** **C** **G**
But you move me
Am **F** **C** **G**
You give me courage I didn't know I had
Am **F** **C** **G**
You move me
Am **F** **C** **G**
I can't go with you and stay where I am
F
So you move me

C **Em**
This is how love was to me
C **Em**
I could look and not see
F **C**
Going through the emotions
G
Not knowin' what they mean

C **Em**
And it scared me so much
C **Em**
That I just wouldn't budge
F **C** **G**
I might have stayed there forever if not for your touch

Oh but you move me

Oh but you move me

Out of myself and into the fire

Out of myself and into the fire

You move me

You move me

Now I m burning with love and with hope and desire

How you move me

You go whistling in the dark

Making light of it

Making light of it

Making light of it

And I follow with my heart

Laughing all the way

Oh â€™cause you move me

You get me dancing and you make me sing

You move me

You move me

Now I m taking delight in every little thing

How you move me
