C **D** **Em**
If I donâ€™t say anything itâ€™s wrong
C **D** **Em**
if I said it, it wouldnâ€™t come out right
C **D** **Em**
Itâ€™s been keeping me up all night
C **D** **Em**
Half my life Iâ€™ve been told to shut up
C **D** **Em**
so how am I gonna open up
C **D** **Em**
wish you could just read my mind

Pre-chorus:

C **D** **Em**
If I shared all of me would you run away
C **D** **Em**
if I sugar coated what I had to say
C **D** **Em**
in poetry would it make you stay

Chorus:

C **D** **Em**
I wish I was born Bob Dylan
C **D** **Em**
Had all the words to speak my feelings
C **D**
I wish I stood up like Rosa Parks
Em
and followed my heart
C
unafraid of the truth
D
even if I stood alone
C **D** **Em**
I didnâ€™t know how it was gonna go
C **D** **Em**
even if the water was cold Iâ€™d take a deep breath
C **D**
and get it off my chest
Em
and hope for the best

Verse 2:

C **D** **Em**
They say either way you win

C D Em
if itâ€™s mutual why hold it in
C D Em
and itâ€™s not meant to be
C D Em
and you tell the truth it will set you free
C D Em
but all their wisdom doesnâ€™t help me now
C D Em
Iâ€™m scared and I gotta find out

C
how to speak my mind
D Em
without metaphors and prose and rhymes

C
and still make you mine

Pre chorus 2:

C D Em
I hope you know what I mean when Iâ€™m acting mean

the real you is eluding me

Bridge:

C D
And hope you will catch
Em

me when I fall

C D

when I show you my all

if Iâ€™m not making sense
