How much truth they lack

D A Em
People, people
D A Em

(Same chords)

Vote for him don't vote for her
She's likely to be bought
Vote for her don't vote for him
Power's his only thought

Confusion and disillusion crowd up your mind
Until a clear decision is too hard to find...
How can you say there's nothing wrong?

When it's gone on too long?

People, people

Let's educate our minds,

People, people

Don't you think it's about time

(hope u like it)
