Well, you may not have his points of view..
C **G** **C** **G**
but as a matter of fact I think you re downright rude
C **G** **D** **D7**
to take some people apart the way you do.
C **Bm** **C** **G**
So, here we are sitting in this restaur..ant..
C **G** **C** **G**
and I m so tired of hearing about what you want.
C **G** **D** **D7**
Or maybe you ve forgotten just who you re talking to.

#2.

C **G**
Well, for three long years I was waiting to hear..
C **G**
just a few words from you that were vaguely sincere..
C **Am** **D** **D7**
it certainly is going to be easy forgetting about you.
C **Bm** **C** **G**
So, if you don t mind, I ll simply explain..
C **G** **C** **G**
that I ve found someone new and I m living again..
C **G**
and the last thing I need is your sympathy..
Am **D**
but try to understand, and please don t keep putting
G
him down.

CHORUS:

G **Am** **D** **G**
D **Em**
Don t change my luck..I m so tired of being moved around.
Am **D** **G** **D**
Em
Don t change my luck..well, for three long years I was on
my own.
Am **D** **G** **Em**
Now I ve finally found him..baby, don t change my luck.
Am **D** **G**
