I see a girl in the night

With a baby in her hand

Under an old street light

Near a garbage can

Now she puts the kid away and she s gone to get a hit

She hates her life and what she s done to it

That s one more kid that will never go to school

Never get to fall in love never get to be cool

VERSO 3:

We got a thousand points of light
For the homeless man
We got a kinder gentler machine gun hand

—

We got department stores and toilet paper
Got styrophone boxes for the ozone layer
Got a man of the people says keep hope alive
Got fuel to burn got roads to drive
