Go ahead and laugh at me, try to be the

man you oughta be.

**Bm** **A**  
Baby, it s not hard to see what s going on.

**D** **A**  
Well, maybe we should celebrate, drink champagne,

why should we wait?

**Bm**  
Why don t we ask some friends around, they can

**D** **E**  
help us play this game we found..let s bring

everybody down.

**E7**  
Will we ever be ready for what we re heading for?

[Chorus]

**D** **A** **E**  
Here we stand like a couple of fools..and the race  
**A**  
is on.

**D** **A** **E**  
Hand in hand as we break the rules..and the race  
**A**  
is on.

**D** **A** **E**  
What s the cost to the one who lost when the race  
**A**  
goes wrong.

This life we lead ain't fooling either one of us.

**D**

**A**

And while we're having so much fun let's not forget

the lonely ones.

**Bm**

can be so rough.

**E**

Now maybe we've gone far enough..are you sure you

know just what we're heading for?

the race goes on.
