[Capo 1]

**C**          **C**      **F**      **C**  
If I told you tonight that I loved you  
**C**                          **G**                  **G**  
    Would you walk my way, would you say  
**G**                          **G7**  
Lies that I wanted to hear?  
          **C**          **C**      **F**      **C**  
If I told you tonight that I need you  
**C**                          **G**                  **G**  
    Would you break my heart, would you start  
**G**                          **G7**  
Wearing me down again?  
          **F**      **F**          **C**      **G**  
I feel so lonely when I m with you  
          **F**      **F**          **C**      **C**  
And I m so lonely when you re gone  
**C**                  **F**          **F**                  **C**      **G**  
    I can t live with you, can t live without you  
                  **G**      **G7**  
But I still hold on  
  
If I told you tonight I was leaving  
Would you call my name, take the blame  
Turn it all around again? Cause you know I  
**C**          **C**          **F**          **C**  
Love you, and it s worth the heartache  
**C**      **F**          **C**          **C**          **G**                  **G7**  
    I curse the heartbreak we make, but I still hold on  
  
I feel so lonely when I m with you  
And I m so lonely when you re gone

I can t live with you, can t live without you
