

Love Comes To Town
Suzzy Roche

[Verse]

Love comes to town on a blue-jeaned leg
In a pick up truck and a plastic crate
It s an act of god, hits you in the face
Stands you on your head, puts you in your place
On the subway train, in the cross-town bus
Love comes to town for people just like us

[Chorus]

Don t just sit there, sign the dotted line
Say Yes every time, be my valentine
Be brave
Be brave
Be brave when love comes to town

[Verse]

Yeah, love s in town, you don t have a prayer
Hail Mary full of grace with curlers in your hair
Sneaking up on you in the A & P
Somewhere in frozen foods there s a tropical breeze
Be brave
Be brave
Be brave when love comes to town

[Verse]

Yeah, love s in town, any town at all
In the factory line and the shopping mall

On the tenement stoop, sitting two by two
Drinking dandelion from a Dixie cup
Laughing into town, so forfeit up your crown
You better bow down, love, cause love s in town

[Chorus]

Don t just sit there, sign the dotted line
Say Yes every time, be my valentine
Be brave
Be brave
Be brave when love comes to town
