I've copy this song from Joshua C. Agarrado except for the ending tabs, witch i've done myself.
 I thought it's okey to do this copy 'cause i've done some changes, the tabs, and if i
 him i should done the same chords too.
 Well i hope the tabs are right. This is my very first tablature.
 If i have upset Mr. Joshua C. Agarrado by doing this copy i'll apoligise.
