 Oh Susan don t lose your cool
 But I m leaving you, on your own
 Don t tell me you can t be saved
         G
 You can find a way
 Oh oh to hold on
 Yeah you ve got the world to see
 You got everything, that you need
 But you ain t comatose
 So why can t you move
 I m all out of sympathy when you come round you ll see that I m gone
 Who s gonna love you baby
 Who s gonna love you now
 Lazy Susan turn yourself around (x2)
 Oh your the queen of the living room
 Sleep through the afternoon
 Smoke out the night
 Your holding out at the starting line
 Your just wasting time
 Oh Oh it s not right
 But you ain t listenin
 Your watching the view
 I m all out of sympathy when you come round you ll see that I m gone
 (chorus)
 Who s gonna love you baby
