Ambient Blue 2008

I am a fan of Owl City, SWD, and the other side projects.
Electronic(a)/Electro-Pop is
what do and hope these chords work for you.

Intro: **G# Cm Bb**
       G# Cm Gm Bb

Verse:
G#
I know you won t admit this
Cm   **Bb**
I am just a silhouette to you
G#
You found comfort with my distance
Cm   **Gm**   **Bb**
But you never let me stray out of your view

Pre-Chorus:
G#
Who really needs the past
D#   **Bb**
With the allure of something new
G#
So we split apart at last
D#   **Gm**
Went back to places that I knew
        G#   **Cm**
Before you

Chorus:
     Bb
And you never have to see
                                    G#   **Cm**
The light that wraps itself around me
    Gm
And I never have to know
Bb   **G#** **Cm** **Gm** **Bb**
The faces and the places you go
(That you go 4x)

Verse 2:
G#

```
When I count by the resistance
   Cm                                      Bb
I bend in shapes in ways I never knew
     G#
So I ll try to post from my existence
       Cm                                        Gm
Yeah I ll stop or start my heart if you ask me to
Bb                                          Cm
I ll stop my heart and then I ll wait for you

Interlude: G#  Cm  Gm  Bb

Pre-Chorus 2:
G#                    D#                        Bb
I was sure I never would be sure we were in love
G#                   D                       Gm
(Although it s dark and black, There is one thing left to hold on to)
I am sure I never would be sure of love to come
          G#    Cm
After you

Chorus:
     Bb
And you never have to see
                                 G#    Cm
The light that wraps itself around me
     Gm
And I never have to know
Bb                            G#   Cm  Gm  Bb
The faces and the places you go
(That you go 4x)
```
