

Up In The Stars
Swimming With Dolphins

Though it s originally done in piano, same chords.
Probably ought to be my favorite from SWD.

It is in the key of A#(Bb)

Intro: **A# D#**
A# D# Gm F

Verse

A#
Look in these eyes

D#
We know each other like our own skin and bones

A#
We know the scars,
D# Gm F
how they got where they are, in places no one else knows.

Pre-Chorus

F Gm D# If you call this love,
F Gm A# D# then show me some feeling
F Gm D# and if it all goes numb,
F Gm D# F just keep on breathing.

Chorus

A#
I ll watch you falling from me
When you hit the ground, maybe you ll see
D#
The only way to fall is down
A#
I ll be up in the stars
but I ll be anywhere you are
D# Gm F A#
Just say you need me and I ll come down

Verse 2

A# D#
We ll never know, We ll never ever know if you just let it go
A# D# Gm F
We ll never know, We ll never ever know if you just let it go

Pre-Chorus 2
