

Amy's Song
Switchfoot

D5 G5
Amy s gone
D5 G5
And time rolls on
D5 G5 D5 (Paradinha)
How far? how fast? how long?
D5 G5 - A5
The last time we saw Amy
D5 G5 - A5
She was headed for the shore
D5 G5 D5
Fighting off the volatile gray skies
D5 G5
She said now begins forever
D5 G5
And that no one knows their time
D5 G5
We bid farewell not knowing
D5 G5
That might be our last good-bye
D5 B5
Amy was a fighter
G5
She cut like Casius Clay
Bb5
She burned like a fire
A5 D5
Despite these rains
B5
Where time was a question
G5
She only knew one song:
Bb5 A5
She s singing, how far, how fast, how
D5
long?
D5 G5
Salvation is a fire
D5 G5
In the midnight of the soul
D5 G5 D5

It lights up like a can of gasoline

Yeah, she s a freedom fighter
She s a stand up kind of girl
She s out to start a fire
In a bar code plastic world

Amy was a fighter
She cut like Casius Clay
She burned like a fire
Despite these rains

Where time was a question
She only knew one song:
She s singing, how far, how fast, how
long?

When everything stops moving
And I stop to catch my breath
And ride my train of thought
All the way round

My thoughts return to Amy
And the fire she s begun
She came when we were freezing
And left us burning up

Amy was a fighter
She cut like Casius Clay

She burned like a fire
A5 D5
Despite these rains
