

**Gone**  
**Switchfoot**

[INT] -> **E C#m** (x4) then **E B E** (x4)

**E B E**  
She told him she d rather fix her make-up

**E B E**  
Than try to fix what s goin on

**E B E**  
But the problem keeps on callin even

**E B E**  
With the cell-phone gone

**E B E**  
She told him that she believes in livin

**E B E**  
Bigger than she s livin now

**E B E E B A**  
But her world keeps spinnin backwards, and upside-down

**A B A**  
Don t say so-long, and through a cell-phone

**B**  
Don t spend today away, cause today will soon be

Chorus:

**E A**  
Gone, like yesterday is gone

**C#m**  
Like history is gone

**C**  
Just try and prove me wrong

**E**  
And pretend like you re immortal

**E B E** (x2)

**E B E**  
She said, He said live like no tomorrow

**E B E**  
Every day we borrow brings us

**E B E**  
One step closer to the edge

**E B E**  
Infinity, where s

**E B E**  
Your treasure, where s your hope

**E B E**  
If you get the world, and lose your soul

**E** **B** **E** **E B A**  
She pretends like, she pretends like she s immortal

**A** **B** **A**  
Don t say so-long, you re not that far gone

**B**  
This could be your big chance to make-up, today will soon be

Chorus 2:

**E** **A**  
Gone, like yesterday is gone

**C#m**  
Like history is gone

**B**  
The world keeps spinnin on

**E**  
You re going, going, gone

**A**  
Like summer break is gone

**C#m**  
Like Saturday is gone

**C**  
Just try and prove me wrong

**E**  
You pretend like you re immortal

**E B E E B E**  
(You re immortal) You re immortal

**E** **G**  
We are not infinite, we are not permanent

**A** **C**  
Nothing s immediate

**E** **G**  
We re so comforted in our accomplishments

**A** **C**  
Look at our decadence

**E**  
Gone, like Frank Sinatra

**A** **C#m**  
(Gone) Like Elvis and his mom

**A**  
Like Al Pachino s cash

**E**  
Nothing lasts in this life (gone)

**A**  
My high school dreams are gone

**C#m**  
My childhood sweets are gone

**A**  
Life is a day that doesn t last for long

**E**

Gone, life is more than money

**A**

Gone, time was never money

**C#m**

Gone, time was never cash

**A**

Life is still more than girls

**E**

Life is more than hundred-dollar bills

**A**

And little town frills

**C#m**

Life is more than fame and rock and roll and thrills

**A**

**E**

All the riches of the kings and the pinwheels

**E**

**A**

We've got information in the information age

**C#m**

But do we know what life is

**A**

Outside of our convenient Lexus cages

**E**

**A**

She said, He said live like no tomorrow

**C#m**

Every moment that we borrow

**A**

Brings us closer to the God who's not short of cash

(fade out)
