

**Love Alone Is Worth The Fight**  
**Switchfoot**

Capo 4

[Intro] **G,C** (repeated until 1st verse)

[Verse 1]

**G**

I m trying to find where my place is

I m looking for my own oasis

**C**

So close I can taste this

The fear that love alone erases

**G**

So I m back to the basics

I figure it s time I face this

**C**

Time to take my own advice

**G**

Love alone is worth the fight

**C**

Love alone is worth the fight

[Verse 2]

**G**

And I never thought it d come to this

But it seems like I m finally feeling numb to this

**C**

The funny thing about a name is

You forget what the reason you were playing the game is

**G**

And it s all an illusion

A 21st century institution

**C**

So I m headed down the open road unknown

[Pre-Chorus]

**Em** **D**

And we find what we re made of

**C**

Through the open door

**Em** **D**

Is it fear you re afraid of?

**C**

What are you waiting for?

[Chorus]

**G**

Love alone is worth the fight

**C**

Wo oh oh

**G**

Love alone is worth the fight

**C**

Wo oh oh

[Verse 3]

**G**

We re only here for a season

I m looking for the rhyme and reason

**C**

Why you re born, why you re leaving

What you fear and what you believe in

**G**

Why you re living and breathing

Why you re fighting it and getting it even

**C**

Let s go headed down the open road unknown

[Pre-Chorus]

**Em**

**D**

And we find what we re made of

**C**

Through the open door

**Em**

**D**

Is it fear you re afraid of?

**C**

What are you waiting for?

[Chorus]

**G**

Love alone is worth the fight

**C**

Wo oh oh

**G**

Love alone is worth the fight

**C**
