I feel like I m dreaming
Oh oh

Remember that kid with the quivering lip
Whose heart was on his sleeve like a first aid kit
Where are you now? Where are you now?

I still lose my breath when I think about it
Oh, where'd you go?

(Oh where'd you go?)

I feel like I'm dreaming
Oh oh
Staring up at the ceiling

I can't sleep and it feels like a warning

Oh oh
You wouldn't believe me
If I could say it just the way that I'm feeling

Oh oh
The words that I wanted to say
I feel them slipping away
