

**Voices**  
**Switchfoot**

[Verse 1]

**Bm** **A**  
My words come out like an avalanche in silence  
**G** **D** **F#**  
And you've got oceans trapped in your eyelids  
**Bm** **A**  
They tell me that no man is an island  
**G** **D** **F#**  
But it feels like it's a storm that I've been fighting

[Chorus]

**Bm**  
And I used to listen to the radio  
**A** **G**  
But I've got an army of voices in my head  
**D** **F#** **D**  
Voices in my head  
**Bm**  
And we used to live in stereo  
**A** **G**  
But I've got an army of voices in my head  
**D** **F#** **D**  
Voices in my head

[Verse 2]

**Bm** **A**  
How come the friends and the foes invisible  
**A**  
Are the ones that made my soul most miserable?  
**G**  
Head's reeling from the feeling  
**D** **F#**  
In my mind but I feel it in the physical  
**Bm**  
Why's the sunlight hiding?  
**A**  
Ain't letting any light in  
**G** **D** **F#**  
It's the storm that I've been fighting

[Chorus]

**Bm**  
And I used to listen to the radio

**A** **G**  
But I ve got an army of voices in my head  
**D F# D**  
Voices in my head

**Bm**  
And we used to live in stereo  
**A** **G**  
But I ve got an army of voices in my head  
**D F# D**  
Voices in my head

[Refrain]

**Bm A**  
And they re singing  
**G D**  
I got voices, I got voices  
**Bm A**  
Oh, oh, oh, oh, oh, oh  
**G D**  
Yeah, I got voices, I got voices  
**Bm A**  
Oh, oh, oh, oh, oh, oh

[Bridge]

**Bm D**  
Every moment crowded with choices  
**G F#**  
Speak to me and drown out the voices

[Chorus]

**Bm**  
And I used to listen to the radio  
**A** **G**  
But I ve got an army of voices in my head  
**D F# D**  
Voices in my head (voices in my head)  
**Bm**  
And we used to live in stereo  
**A** **G**  
But I ve got an army of voices in my head  
**D**  
Voices in my head  
**F# D**  
Voices!
