One last time

Storms on the wasteland

Ark clouds on the plain again

We were born into this fight

But I m not sentimental

This skin and bones in a rental

And no one makes it out alive

Until I die I ll sing these songs

On the shores of Babylon

Still looking for a home

In a world where I belong

Where the weak are finally strong

Where the righteous right the wrongs

Still looking for a home
In a world where I belong

Feels like we re just waiting, waiting
While are hearts are just breaking, breaking
Feels like we re fighting against the tide
I wanna see the earth shaking
I wanna see a generation
Finally waking up inside

Until I die I ll sing these songs
Still looking for a home
In a world where I belong

This body s not my own
This world is not my own
But I can hear the sound
Of my heart beating out
So let s go boys, play it loud

On the final day I die
I want to hold my head up high
I want to tell You that I tried
To live it like a song

And when I reach the other side
I want to look You in the eye
And know that I ve arrived
In a world where I belong

Where I belong

I still believe we can live forever
You and I we begin forever now
Forever now
Forever
I still believe in s together
You and I we re here together now
Together now
Together now
Forever now
Forever now

Forever
