We were just kids just living in
Wide-eyed, innocence
minivan floor like a tenement
We were just kids who believed in
More than just dreams in
More than just justified
Ends to a means

With the sky wide-open
E
Like a child, eyes-open
D
like a child, unbroken
by the wheels gone by
We know

[chorus]

A
Who we are

D

(in the fever of our youth)

Who we are

D

(Weâ€™ve got nothing left to lose)

E
Who we are

We were just kids
Just limited, misfit, itinerant

D

Outcasts singing bout the dissonance

F#m

We were just kids, wide-open
Like a child, eyes-open,
Like a child, unbroken
by the wheels gone by

D

We know

[Chorus]

D

They said it's complicated

A

They said we'd never make it this far

E

But we are

D

They said the fight would break us

A

But the struggle helped to make

E

Who we are

F#M

Who we are

[Chorus]
