Right Here - SWV

I assume it s in the key there. I play it with a capo so I can sing in my own range so don t know if the key is correct. Use the fingering relative to the capo/nut.

This is my interpretation of this song. It sounds good any way. of course you can use fingering you like.

Chords I used are:

F (133211)

F*(xx3211)

G (355433)

Gm(xx0333)

F **G**
Lately there seems to be

Gm **F**
Some insecurities

F **G**
About the way I feel

Gm **F**
Where I wanna be

F **G**
Boy, you know is with you

Gm **F**
No one can do

F **G**
The things you do

Gm **F**
To me...

(it pretty much goes on like that through the whole song even the chorus)

Never to be mistaken
Long as it s love we re making
There s gonna be some rain
Gonna beat the pain
But as long as I know
Boy, time will show
Our love will grow
And I know

[CHORUS:]

Love will be right here
Be right here

Right here
Be right here
No fear
Have no fear
No tears
Love is here

True love some don t believe in
That s just what I m givin
I m gonna keep it strong
I ll be holdin on
To you
No one can do
Me like you do
It s true

Sure as the sun is shining
Our love will keep on climbing
There s gonna be some rain
Gonna beat the pain
But as long as I know
Boy, time will show
Our love will grow
And I know
[CHORUS repeat til end]

Enjoy!
