

Late Night
Syd Barrett

B **A**
When I woke up today

G
And you weren't there to play

E
Then I wanted to be with you

B **A**
When you showed me your eyes

G
Whispered love the skies

E
Then I wanted to stay with you

C **G** **Am**
Inside me I feel

C **G** **Am**
Alone and unreal

D
And the way you kiss

G **D**
Will always be a very special thing to me

B **A**
When I lay still at night

G
Seeing stars high and light

E
Then I wanted to be with you

B **A**
When the rooftops shone dark

G
All alone saw a spark

E
Spark of love just to stay with you

C **G**
Inside me I feel...

B **A**
If I mention your name

G
Turn around on a chain

E
Then the sky opens up for you

B **A**

When we grew very tall

G

When I saw you so small

E

Then I wanted to stay with you

C

G

Inside me I feel...
