Milky Way
Syd Barrett

What d you ever say today
When you re in the milky way
          \mathbf{E}\mathbf{b}
Oh tell me please
Just to give you a squeeze
          F# Bb
If i met you i told you what to do
            F#
Seems a while

                        F# Bb C Bb G C
                 C#
Since i could smile the way you do...
How many times, if i try, if i may,
When you re in the milky way
Half of your time -beside me only atmosphere
- the singular raised by heats and wet seems a while
                   G Bb C Bb G C
Since i could smile the way you do...
(F C Bb F Ebm F# Bb F# Eb G# Eb G Bb C Bb G C)
What can anyone mean to you
Standing in the milky way
         Bb
Take life easy
I mean so easy
       Ebm
Why so empty...?
  F#
                 Вb
I told you i can tell you
                 F#
What to do when i hold you
And i tell you i love you
                      Bb G C

I feel that i m way you do...
