You Got Me Loving You
Sydney Thomas

VERSE 1 (-**D**-)

```
D                               Bm                          C
hey sweetheart hows your day mines good the same ol  same im not trying to
                A7
be rude or mean or ruin everything im just
```

CHORUS 1:

```
D                               Bm                    C
im trying to keep my eyes open so i dont get hurt again but im really
                A7                        (PAUSE)
falling for you so what else can i do but love you
```

VERSE 2: (-D-)

```
D                               Bm
well you talk to me in the cutest way you treat me like im your everything
C                                       A7
oh baby i dont want to be cold no more now my hearts an open door for you
```

(CHORUS 1)

VERSE 3: (-D-)

```
D                               BM                         C
when you talk to me you make me blush when you look at me i get a rush just
                            A7                          (PAUSE)
knowing you brightens my day so i think its about time i say i love you
A7                      D
what else can i do but love you
```

VERSE 4:

```
D                               Bm                          C
my hearts here for you to take as long as you promise it wont break i trust
                            A7
it while its in your care dont hurt it and you can keep it there (CHORUS 1)
```

OUTRO:

```
D                              Bm                              C
oh you got me loving you i didnt want to addmit the truth but oh you got me
       A7                     (STOP)
loving you what else can i do but love you
