

Once And Always You  
Sylvia Tosun

**G** **A** **D**  
In a foreign country, you and I  
**G** **A** **Bm**  
Sit beneath a foreign sky  
**G** **A** **Bm**  
Walk the unfamiliar streets  
**Em** **A** **D**  
Watch as yesterday repeats

**G** **A** **D**  
Moving through the ruins of the day  
**G** **A** **Bm**  
We begin to lose our way  
**G** **A** **Bm**  
Everything we might have been  
**Em** **A** **D**  
Waiting to begin again

**Bm** **D**  
We are entering the beauty of an unfamiliar past  
**Bm** **Asus4** **A**  
Hoping for an ending that will last

**D** **A** **Bm** **F#m**  
After all the doubts and after all the searching  
**G** **A** **Bm**  
After all that we've been through  
**D** **A** **Bm** **F#m**  
After all the love and after all the sorrow  
**G** **A** **Dsus4** **D**  
There was once and always you

**G** **A** **D**  
Standing on the old cathedral steps  
**G** **A** **Bm**  
Kissing where the saints have wept  
**G** **A** **Bm**  
Shadows from another time  
**Em** **A** **Bm**  
Somewhere you were always mine

**Bm** **D**  
In the quiet and the mystery of the all too human heart  
**Bm** **Asus4** **A**  
Lives that come together and apart

**D** **A** **Bm** **F#m**

After all the doubts and after all the searching

**G A Bm**

After all that weâ€™ve been through

**D A Bm F#m**

After all the love and after all the sorrow

**G A Dsus4 D**

There was once and always you

**Bm D**

In a place so unfamiliar we can finally recall

**Bm Asus4 A**

Only one thing matters after all

**D A Bm F#m G A Bm**

After all . . .

**D A Bm F#m**

After all the love and after all the sorrow

**G A Dsus4 D**

There was once and always you

**D A Bm F#m**

After all the doubts and after all the searching

**G A Bm**

After all that weâ€™ve been through

**D A Bm F#m**

After all the love and after all the sorrow

**G A**

There was once and always
