

**Dont Let Me Go**  
**Symfonia**

This tab was wrote for Tolkki himself in Symfonia forum. Enjoy it.

**Am** **E/G#**  
So here I stand, towards the end  
**G** **D**  
No more games and no pretend  
**F** **Am**  
Every now and then tears run down slow  
**B7** **E**  
Body hurts without a soul

I hear a voice across the wind  
Can you recall all vows we made?  
Is it easy then to let me go away  
One more time?

**Am** **F**  
Don t let me go, I m here to stay  
**C** **G**  
Enjoy the moment, live day by day  
**Am** **F**  
Don t let me go, united we stay  
**C** **G**  
And in the morning, the pain is gone away  
**D** **Dm**  
Don t let me go...  
**Am**  
I m back here to stay

(Same)
