Intro **C** (1 measure) **D** (3 measures)
C (1 measure) **Em** (1 measure) **D** (2 measures)

[**C**] [**Em**]
Turn up the bass, turn up the treble,
[**D**]
Iâ€™m about to take you to a whole other level!
[**C**] [**Em**]
DJ turn off what youâ€™re playing,
[**D**]
I want the whole club to hear what Iâ€™m saying!
[**C**] [**Em**]
Because this girl means so much to me,
[**D**]
And now weâ€™re on the floor and she touchin me.
[**C**] [**Em**]
And if I wanna take her home
[**D**]
Itâ€™s gonna be better than what they do on the radio!
[**C**]
Itâ€™s gotta be the crunkest
[**Em**]
Itâ€™s gotta be the loudest
[**D**]
It s gotta be the best love song she ever heard in her life
[**C**] [**Em**]
I gotta tell her how I feel
[**D**] [**C**]
I gotta let her hear, the best love song she ever heard in her life
[**Em**] [**D**]
No need for me to write it, I just gotta picture her smiling,
[**C**] [**Em**]
And if you feel that way, go ahead and kiss your baby
[**D**]

Now weâ€™ve got the whole stadium in love like that

Turn up the lights, give me a mic
I m bout to sing it to her just how she likes
Jump off the stage bombs away,
crowd surfin all the way kowabunga
You know it s right, just do the wave
Girl just move your body like a snake
And if you wanna get with me
Put your hands in the air, show me that energy

Itâ€™s gotta be the crunkest
Itâ€™s gotta be the loudest
It s gotta be the best love song she ever heard in her life
I gotta tell her how I feel
I gotta let her hear, the best love song she ever heard in her life
No need for me to write it, I just gotta picture her smiling
And if you feel that way, go ahead and kiss your baby
Now weâ€™ve got the whole stadium in love like that

Homie kiss your girl
Shorty kiss your man
We can see you on the kissing cam
Please show me some love
Show me some love
Now look her in the eye, see baby I love you
I never put no one above you
And if you feel that way
Go ahead and kiss your baby
And now we ve got the whole stadium in love like
And if you feel that way
Go ahead and kiss your baby
And now we ve got the whole stadium in love like
Eh, eh, eh, eh
Oh, oh, oh

Ending (up one key)
