

## Monolith

T. Rex

marc bolan used the same chord progressioon for a lot of songs. that being **C**, **Am**, **F**, **G**.

so the chord progression for the verse is:

**C**, **Am**, **F**, **G**.

On the oh no chorus deal. the progression is:

**C**, **F**, **C**, **G**. a few times toward the end of the song i think it probably goes  
( **C**, **F**,  
**C**, **Am**) during the chorus.
