

Darkness

Tab Benoit

This is such a cool song and Tab is an amazing guitarist and songwriter, but if you are like me and can only play one scale --slowly, at that-- chords are your preference. This is super easy and i recommend playing the Fm as a barre- it sounds more complete and is necessary if you did want to try out picking the notes and scales like Tab does.

[Verse]

Fm

I m walkin slow

With a weary mind

C7

She s draggin me low

Fm

I m fallin behind

[Verse]

Fm

You got me where you want me

Still I keep on tryin

C7

Tryin to see through the darkness

Fm

Between you and I

[Verse]

Fm

Sometimes it gets hard to find

Any love of any kind

C7

Lord turn on the love light

Fm

Before I go blind

[Verse]

Fm

And pick me up off the ground

Let s let our hearts shine

C7

Shine our way through the darkness

Fm

Between you and I

[Verse]

Fm

You know I love you

But I did you wrong

C7

And we both made our choices

Fm

Now it s time to move on

[Verse]

Fm

So please, please forgive me

And let s walk side by side

C7

And fill in this darkness

Fm

Between you and I
