

**Fast Car**  
**Taio Cruz**

Hey guys in so far this is my first tyb so don t be to hard with me :)  
I figured it out by listening anit sound kinda right to me.  
And because there is no tab i choose to make it :)

Use a capo on 6th fret an than use the following chord throughout the whole song

(Em) C G D

**Em**

I m in a battle with my heartbeat

**C** **G** **D**

The more I struggle the more I get deep

**Em**

I go full throttle down the dark streets

**C** **G** **D**

And there is trouble ahead I get weak

**Em**

It s like I m running through a red light

**C** **G** **D**

Girl you know you make me weak

**Em**

I should be hittin all the brake lights

**C** **G** **D**

Hold up, hold up oh!

**Em** **C**

Girl you really turn me on, on, on, on

**G** **D**

You know you make my engine run, run, run, run

**Em**

And there s no turning back cause

**C**

We ve gone too far

**G** **D**

I ll drive you like a fastcar

Girl you really turn me on, on, on, on

You know you make my engine run, run, run, run

And there s no turning back cause

We ve gone too far

I ll drive you like a fastcar

It isn t like me to get caught up

But when you running you re never quite free

I wasn t really meant to find love

But now you found me and got me all weak  
It s like I m running through a red light  
Girl you know you make me weak  
I should be hittin all the brake lights  
Hold up, hold up oh!

Girl you really turn me on, on, on, on  
You know you make my engine run, run, run, run  
And there s no turning back cause  
We ve gone too far  
I ll drive you like a fastcar

Girl you really turn me on, on, on, on  
You know you make my engine run, run, run, run  
And there s no turning back cause  
We ve gone too far  
I ll drive you like a fast car  
(oh oh oh oh, oh oh oh oh)  
I ll drive you like a fast car

I m in a battle with my heartbeat  
The more I struggle the more I get deep  
I go full throttle down the dark streets  
And there is trouble ahead I get weak  
I get weak I get weak

Girl you really turn me on, on, on, on  
You know you make my engine run, run, run, run  
And there s no turning back cause  
We ve gone too far  
I ll drive you like a fastcar

Girl you really turn me on, on, on, on  
You know you make my engine run, run, run, run  
And there s no turning back cause  
We ve gone too far  
I ll drive you like a fastcar  
(oh oh oh oh, oh oh oh oh)  
I ll drive you like a fastcar!
