

**Cute Without The E Cut From The Team
Taking Back Sunday**

Ok this is my FIRST Tab. This is a simplified version for beginners like me.
This may
a little confusing, considering the 2 vocal parts. Please listen to the actual
song for
and timing (or you can make up your own!)

Am **F** **C**
Your lipstick, his collar don t bother Angel

Am F C G (Or whatever you want)

Am **F**
Hoping for the best just hoping nothing happens
C **G**
A thousand clever lines unread on clever napkins
Am **F**
I will never ask if you don t ever tell me
C **G**
I know you well enough to know you never loved me
Hoping for the best just hoping nothing happens
A thousand clever lines unread on clever napkins
I will never ask if you don t ever tell me
I know you well enough to know you never loved me
Hoping for the best just hoping nothing happens
A thousand clever lines unread on clever napkins
I will never ask if you don t ever tell me
I know you well enough to know

(This small section is played when the 5th line above starts)

Am F C G

Why can t I feel anything

Am F C G

from anyone other than you?

Why can t I feel anything

from anyone other than you?

(Am F G) [Quickly!]

(Am F G) (Am F G)

And all of this was all your fault

(Am F G)

And all of this

Am F

I stay wrecked and jealous for this,

C G

for this simple reason

Am F

I just need to keep you in mind

C G

as something larger than life

I stay wrecked and jealous for this,

for this simple reason

I just need to keep you in mind

as something larger than life

I stay wrecked and jealous for this,

for this simple reason

I just need to keep you in mind

(Am F G)

as something larger than life!
