

**My Blue Heaven  
Taking Back Sunday**

Capo 2nd trast

**A** **E**  
Two sides twist and then collide;  
**F#m**  
You re calling off the guards (Am I coming?)  
**D**  
I m coming through. (Am I coming?)  
**A** **E**  
Adulterous conditioned to a spin cycled submission,  
**F#m**  
You know, sometimes it just feels better to give in.  
**D**  
(Sometimes, it just feels better to give in.)

**A**  
And it s all too familiar  
**E**  
And it happens all the time.  
**F#m**  
All the cards begin to stack up,  
**D**  
Twisting heartache into fine  
**A** **E**  
Little pieces that avoid an awful crime,  
**F#m** **D**  
But it s you I can t deny.  
(You I can t deny.)

**A** **E**  
Dull heat rises from the sheets.  
**F#m**  
I m both a patient boy,  
**D**  
Well, and a jealous man. (Am I coming?)  
**A** **E**  
My double standardized suspicion  
**F#m** **D**  
Is remedied, oh, my blue heaven,  
**A** **E**  
Sometimes, it just feels better to give in.  
**F#m** **D**  
(Sometimes, it just feels better to give in.)

**A**  
And it s all too familiar  
**E**

And it happens all the time.

**F#M**

All the cards begin to stack up,

**D**

Twisting heartache into fine

**A** **E**

Little pieces that avoid an awful crime,

**F#m** **D**

But it s you I can t deny.

(You I can t deny.)

**A**

We swing and we sway

**E**

As this tiny voice in

**F#m**

My head starts to sing

**D** **A**

You re safe, child, you are safe.

**E** **F#m**

(You re safe, child, you are safe.)

**D**

You re safe, child, you are safe.

**A**

We swing and we sway

**E**

As this tiny voice in

**F#m**

My head starts to sing

**D** **A**

You re safe, child, you are safe.

**E** **F#m**

You re safe, child, you are safe

**D**

You re safe, child, you are

**A** **E**

safe (safe), safe (safe),

**F#m** **D**

You are safe.

**A**

We swing and we sway

**E**

As this tiny voice in

**F#m**

My head starts to sing

**D** **A**

You re safe, child, you are safe. (Am I coming?)

**E** **F#m** **D**

You re safe, child, you are safe. (Am I --)

Coming through?

**A**

Is this all too familiar?

**E**

Does it happen all the time?

**F#m**

I m just asking you to hear me.

**D**

Could you please, just once, just hear me?

**A**

**E**

More then anything you wanted to be right.

**F#m**

**D**

Still it s you, you, it s you I can t deny.

(You I can t deny.)

It s you I can t deny.
